[[{"R1205YGSNTNZL","33023700","1594480001",3,2,7,false,false,"A Solid Effort From A First Time Novelist","I truly enjoyed the way the author envelopes the reader in the entire world that is pre-Taliban and some of Taliban Afghanistan. From the cuisine to every aspect of the bourgeoisie half of the culture one is able to soak up a good amount of what life was like back then. The author's greatest strength is his dialog and his ability to invoke simultaneous sympathy and revulsion in the reader for the main character/narrator. I was not disappointed that the author involved more telling than showing. The final act of the book is the weakest as it reads as if the author was not sure how to end the book. I did not believe because the author ties up all his loose ends very neatly with the antagonist coming back into the story for a final cinematic blowout. (This book's film rights were probably optioned quicker than a New York minute).","Thu, 13 Oct 2005 00:00:00 GMT",11}

[[{"R14GHJPC7RQPKFU", "49718706", "0971217505", 5, 13, 14, false, true, "Great for insight!", "This book gives a great description of what living with Fibro is like. It helped me not feel so alone with my illness and realize that others do have similar symptoms. If I had read this book earlier it would have saved me from a needless bladder surgery that did more harm than good.", "Fri, 14 Oct 2005 00:00:00 GMT"}, {"R193R7ABAGQVS", "49718706", "1570628122", 5, 17, 20, false, true, "Great!", "I use the ideas in this book in my work with women trying to break out of dysfunctional relationships. They have no clue what a real one is and how to develop one. This helps with all types of relationships they must have.", "Fri, 14 Oct 2005 00:00:00 GMT"}, {"R2SJUYZ120GAWF", "49718706", "091242320X", 5, 14, 15, false, true, "Honestly written!", "This is one of the best books on how people cope with Fibro that I have read. This man is honest about how he feels and how he struggles in his role as caretaker of an ill spouse. It helped give me insight into what my husband must go through in helping to keep me sane and well as this illness steals both.", "Fri, 14 Oct 2005 00:00:00 GMT"}]]

127.0.0.1:5000/reviews/customer/52713828

[[{"R25FL50M7R1ER1", "52713828", "0789701367", 3, 1, 1, false, true, "Gopher book could be more", "This book directed squarely at end-users of Gopher technology, not anyone hosting a Gopher-site.

It's heavy on the application side, and light on the protocols and nuts-n-bolts of exactly how the protocol works. I was hoping for something more technical along the lines of books published by O'Reilly Publishers.

If you're looking for a book on how to set up your gopher site and what exactly the .link settings should be, this book won't help you. There's no information on how to setup a Gopher server, despite the chapter listing.

If you're looking for a book with handy tips about using WSGopher, some outdated? Gopher links, and some good overview information from a user end, then this book is good.

People searching for this book probably already have experience using Gopher. This book needs to be seriously revised and updated, and possibly a second book aimed more at technical users and Gopher-site developers.", "Fri, 14 Oct 2005 00:00:00 GMT"}]]
